## Another fellow of the ECO-generation Unimeter / Measuring heads for valve meters

### Unimeter

Type:	PU	Code number	MID flow-rate Q <sub>3</sub>	Flowrate QN m <sup>3</sup> /h
-------	----	-------------	------------------------------	-------------------------------

#### compatible with: SPX, Rosswainer, ZR-Neptun – connection thread M78x1,5

Cold water	30	60070	2,5	1,5
Warm water	30	60080	2,5	1,5

#### compatible with: Metrona 307/1 – connection thread M66x1

Metrona 307/1 (delivered until 1998)

Cold water	30	60110	2,5	1,5
Warm water	30	60120	2,5	1,5

#### compatible with: Minol MB2 – connection thread M80x1,5

Cold water	30	60290	2,5	1,5
Warm water	30	60300	2,5	1,5

#### compatible with: Minol MB3 – connection thread M76x1,5

Cold water	30	60310	2,5	1,5
Warm water	30	60320	2,5	1,5

#### compatible with: Deltamess – connection thread M60x2

Cold water	30	60610	2,5	1,5
Warm water	30	60620	2,5	1,5

### Measuring heads for valve meters

#### compatible with: Wehrle – connection thread 1¼"

Cold water	10	46101	2,5	1,5
Warm water	10	46102	2,5	1,5

#### compatible with: Minol – connection thread M38x1,5

Cold water	10	44101	2,5	1,5
Warm water	10	44102	2,5	1,5

When mounting we recommend the following accessories, depending on the assembly situation

Type:	PU	Code number	Height collar	Outer-Ø rosette
In-wall push-on rosette	10	33906		120
In-wall collar, rosette	10	60001	75	140

(Accessories separately)
